

NURS404 : Nursing Care IV

This is the final course in the series of nursing care courses that utilizes a body-systems and lifespan approach to nursing care of individuals and families. This course emphasizes evidence-based practice and safety in the secondary, and tertiary prevention of complex acute health conditions through application of the nursing process, critical thinking, and information management skills. Clinical experiences in urban, rural, intensive, acute, simulated, and emergent settings broaden the student's knowledge, skills, and attitudes related to collaboration, informatics, person-centered care, and safety.
