

Undergraduate Enrollment in Bachelor's to non-BCHS Master's Programs (BTM)

A BTM program allows a student to decrease the overall time to complete a Master's degree by allowing senior level undergraduate students to begin graduate level courses. Credits from graduate courses can then be applied to both the Bachelor's degree as well as the Master's. Information about eligible BTM programs is available from the Registrar.

1. Students who have completed at least 75 undergraduate credits may apply to a BTM program.
2. Students must apply and be accepted to the graduate program at the Master's program institution.
3. Students must have completed 90 credits with a GPA of at least 3.30 as an undergraduate student to take graduate courses in a BTM program.
4. Students may take 6 credits of graduate coursework per semester for a total of 2 semesters. These credits can be applied to the students' undergraduate program requirements as applicable, per the transfer guide.
