

BIOS480 : Senior Capstone

This is a senior level course designed to synthesize the knowledge gained throughout the Biomedical Sciences curriculum with the experience in the Field Research Experiences. This course is designed to provide the student with the opportunity to apply the knowledge of scientific theoretical foundations with a biomedical application into a student-directed, faculty facilitated scholarly project. The student will work with an assigned faculty or preceptor to continue literature review and data compilation from the Field Research Experiences utilizing independent inquiry, creativity and analytical techniques culminating into a project suitable for presentation and/or publication.
